

ATinNH Launches a Bold New Website in 2026

ASSISTIVE TECHNOLOGY NEW HAMPSHIRE

Big News!

After a year of visioning, planning, and collaboration, ATinNH is launching a **brand-new website** in 2026—a dynamic, user-friendly hub designed to make finding assistive technology simple, fast, and accessible using plain language.

Designed With Intention

This **milestone** was shaped by:

- ATinNH's Advisory Council and partners
- Expert guidance from the UNH Institute on Disability marketing team
- A guided MPACT workshop
- Development of user personas and inclusive, user-centered content

The **result**? A site built for people with disabilities, caregivers, educators, and service providers.

Introducing the Makerability Hub

A standout feature of the new site:

- Highlights ATinNH's statewide network of Makers
- Includes a direct order form
- Allows **consumers to order 3D-printed AT solutions at no cost**

Inspiring Real-Life Stories

The new website features **powerful videos showing how assistive technology transforms lives** in:

- Independent Living
- Education
- Recreation & Community
- Employment

These stories are made possible by AT users who generously shared their experiences and voices.

Coming Soon!!

Visit our site in the coming weeks to discover how Assistive Technology **opens doors** to independence, joy, and opportunity.
